Tuesday, March 25, 2025 – 5 p.m.

In attendance: Mary Swartz, Emily Stoulil, Joan Grothoff, Jerry Trittlen, Betsy Kuecker, Kristen Gehrke, Bob Alpers, Carey Callaway Morton, Michelle Kelley

Minutes were approved. Bills were approved.

- Two maternity leaves will come soon. Catie is off starting April 10. Brenda will cover shifts. Jessi is due April 29, and will make decisions about leave later. Melissa will cover for her. She is able to work 29 hours per week since anything over 30 requires city

insurance. As a result, Joan may adjust hours in May because she will absorb Saturday hours and other time. Hours may be M 9-6, T-F 9-5.

- Just today, Dr. Z sent an email to the city asking if the library would consider allowing the director to serve as the 'librarian of record; for the Eldora schools. What was proposed was 2 hours per week at an hourly rate of \$29,48 for a total salary of \$2,653.20. Pro-rated health insurance contribution would be included at \$885.03 for 45 weeks. FICA would be \$202.97 and IPERS would be \$250.66. Total cost for the school would be \$3,991.66. Many questions about the expectation and responsibilities remain. Joan will reach out to Dr. Z with those and communicate with the board as needed.

Carey Calloway Morton and Michelle Kelley – City-Library Finances

Carey attended as the city council finance committee representative and Michelle Kelley attended as the city clerk and treasurer. Carey explained the role of HF718 and how it now limits the property tax rate for cities. In short, several property taxes were combined and the rate of taxation was also limited.

Carey explained that larger towns or cities or even those that are growing with new construction or businesses will be less affected.

Additionally, she did some more general explaining of how municipal budgets operate, noting that cities are allowed to operate at a deficit as long as they are working to pay down their debts. Eldora has done this in many of its endeavors over the years, so there are problems within city spending and management that have now come to a head because the city cannot raise tax rates to compensate for its usual ways of managing money.

As a result, the library is one of the departments the city proposes for budget cuts. The cuts proposed are library hours reduced to 40 hours per week verses 45 and that the library assistant be moved to a part-time position.

Proposed library hours would be Monday 9-6, T-Th 9-5, Friday 9-1, and Saturday 9-12. Joan would begin this July 14 to get through summer reading first.

Part-time library assistant hours would be either T-Th 9-5 or a combination of M-Th and an occasional Saturday. The position can work up to 29 hours per work. Catie will continue to work Monday and Wednesday, 5 hours per day and the occasional Saturday.

Melissa and Brenda will also work some Saturdays.

Joan will continue to work M-F but now with Monday and Friday mornings alone. She will work some Saturdays and will likely come in before opening hours to do some of her management work since she will take on more library operation tasks.

Director's Report

- Circulation was 960 with 6 new library cards issued.
- 23 slips for Blind Date with a Book were submitted, and Jacque Dalton's name was drawn for the Love-a-Latte gift card, goodies from Backwoods Gallery, and a book.
- Jessi and Melissa attended the STEM fair, but most items showcased seemed too expensive.
- Joan attended a webinar on Adult Summer Programming (great ideas at low cost – 1.5 hours continuing ed) and Big Talk for Small Library Conference online (also great ideas – 8 hours continuing ed).

- Joan is working on accreditation and has sent it to the district consultant for approval. All present looked over and approved as written: Written By-Laws, Circulation, Collection Development, Internet Use, Personnel, Long-range plan, and ADA accessibility checklist. Joan also added a security camera policy to review and would like to review policies each month moving forward. In our policies it states we will annually approve roles and committees. We will revisit this each January.
- Will meet with Michelle in January to go over the budget. Joan will have them create a line item for the salary the school is paying, about \$4,000, as well as talk to Michelle about our deposits getting credited in a timely manner. Joan will ask Michelle to move \$3761.51 from salaries to part-time line items to better help her keep track of where we are with subs and part-time employees. She may have to decrease the hours of staff in the spring if over.
- All approved to renew our Waldinger Planned Maintenance, currently at \$2205 (compared to last year at \$2100).
- Discussed ideas to apply for a Hardin County Community Endowment Foundation grant, which will open in the new year and is due in February.

Director's Report was received.

The next meeting will be Tuesday, January 27 at 5 pm.
